Why search in a group?

🔍 Job searching alone is difficult - this gives you a group to help each other!

💬 Get feedback, share leads, and practice negotiations.

⚡ Many jobs come from your network, not endlessly applying online.

Why I'm Doing This.

I've talked to 100s of people transitioning into climate jobs.

How much does it cost?

The pilot program is 100% free, outside of buying the book (no affiliation, I just respect the author / work).

There will be an optional donation towards the end.
